

UUCA LEADERS' LIST

2017-18

Mission Statement

Our open and welcoming congregation connects hearts, challenges minds and nurtures spirits, while serving and transforming our community and the world.

The Unitarian Universalist Congregation of Asheville exists to fulfill its Mission. To carry out the Mission, we have organized ourselves into three major categories. One category of volunteers works directly to further the Ends Statements of the Board's Governance Document; Within, Among, Beyond. A second category of volunteers serves in governance positions while the third category of volunteers provides the supporting structure within which the congregation functions. No category is dominant—all are needed to carry out the congregation's mission. This document serves as both a guide to how the work of the congregation is organized and as a directory of current congregation leaders.

WITHIN
