

Auction Possibilities - just to name a few!

Food: We all love to eat. Some of us love to cook too! **Dinners are always popular** – either delivered or offered as a culinary event and can be scheduled throughout the year. **Outdoor dining** is always popular. Not able to host a whole dinner for a group? No problem. **Co-host with others** or offer a special dish as a delivered item. **Custom delivered (or picked up) items** could include chili, lasagna, soup. Special cakes, pies, holiday cookies, or bread have been offered, to name just a few. This is a way to share with others the things that you love to cook or eat. If you have expertise cooking a specific cuisine (French, German, Thai, Vegetarian, etc.) consider **hosting a cooking class** followed by the class enjoying the dinner they created.

Activities/Events: Do you have a favorite place, festival, museum, concert, playhouse, art show or other attraction that you like to attend yourself? Consider **offering passes or host someone at an activity** that you enjoy. Could you offer to cover the costs of special get-away to a scenic attraction, or **offer a week or weekend in your vacation home**? This is a very popular item and a great way to raise funds for the church. Other alternatives include: **hiking, kayaking, or canoeing with to-go picnic, or a summer scavenger hunt or game day for families.**

Games/Sports: Offer to **lead small group outdoor activities** that you enjoy such as biking, tennis, fishing, hiking, golf, canoeing and kayaking. Or **host an evening of card/board games, trivia, bingo, poker, movies and parties**, which are good for the less athletic.

Skills or Services to Share or Teach: Perhaps you learned a new craft or skill and would be willing to share it in a small group. Some examples could be **beginning knitting, woodworking, beading/jewelry making, digital photography, yoga, meditation, bread, pie crust or pierogi-making**. Many of us enjoyed learning how to make (and eat!) Pappas last year! **Foreign language classes** have been popular in the past. The possibilities are endless.

Service/Help: People need lots of **help around the house**. Services like online **technology assistance, yard work, spring cleaning, pet sitting, child care, closet or garage organizing, and house sitting** are all things that help people in their daily lives and may not cost you money out of pocket.
