

Community Plate-June and July, 2023
Blue Note Junction

Blue Note Junction is envisioned to be an entrepreneurial hub that not only supports the health and wealth of the local BIPOC community but promotes the spiritual, emotional and economic health of the entire city. This one-of-a-kind venue will invite each visitor into a cultural experience rooted in the rich history of the neighborhood where it is built, while simultaneously cultivating a thriving entrepreneurial ecosystem. Part cultural center, part arts center, part neighborhood spa, part event venue, part buy-local retail - this all-inclusive space incorporates health and entrepreneurial development at every level, with an additional commit to reinvesting profits back into BIPOC neighborhoods and endeavors throughout the region.
