

March Community Plate Recipient: The Mountain Camp Scholarship Fund

The Mountain Retreat and Learning Center is located in Highlands, NC, atop a 4200' mountain. It was founded in 1979 as a Unitarian Universalist institution. It is open year around and serves adults, youth and families who may be UU or of other persuasions.

One of the key reasons for starting The Mountain was to focus on programming for youth, both in the summer and during the school year.

The Mountain depends upon scholarship funds to encourage the attendance of youth representing underserved populations. Some of our UUCA youth have also benefitted from these scholarships.

The Mountain Camp Scholarship Fund is the March Community Plate recipient. On March 1st, a representative for The Mountain will speak at both morning services. Please drop by The Mountain information table in Sandburg Hall before or after either service. There will be a video display about the youth camps, information flyers, and people from The Mountain to answer your questions.

Please consider supporting this worthy cause. You may make a donation on any Sunday in March, by placing money in the collection plate. Please indicate The Mountain on the memo line of the giving envelope. You may also make a contribution anytime, but especially during March, by mail, electronically, or by bringing a check to the office.
